Got questions?

That's cool. We've got answers. Have a look at some of our most frequently asked questions below.

How many perks am I allowed?

You can have the lot – we won't judge. Just remember there are some that you can only redeem once or twice. We'll let you know when that happens though.

I'm not receiving your emails!

We understand your panic. Firstly, make sure you've added hello@perkbox.co.uk to your safe sender list, then have a root around your spam folder just in case we've been relegated there. Please get in touch if you're still having trouble after that.

How does my shopping card work?

If you've redeemed our shopping card, you probably know that it's basically an all-powerful gift card, accepted in over 50 brands nationwide.

When you load money onto your card, we'll give you an 8% discount. For example, load £100 and you'll only pay £92. That's where you make your saving. You can spend your balance just like an ordinary gift card.

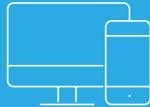

Please note: top ups can take a few days to appear on the card.

My husband/sister/cat would love Perkbox – can I refer them?

You sure can! If you're an admin user you can do it from the comfort of the Perkbox website. Find details in the *Pay Less Together* section of *Admin Preferences*. If you're not an admin user or you're just feeling old fashioned, you can always drop an email to hello@perkbox.co.uk and we'll be in touch.

Need help?

Sometimes a brochure isn't enough and you need to talk to a real human being. Luckily we have some of the best homo sapiens around. Get in touch with our fabulous customer service team and they'll help you get back on track.
